The situation is serious.

We must stand with Ukraine to restrain Putin

Create a huge £100 bn by QE to supply Ukraine.

Build our **military industrial capacity**.

National Service to grow a **citizen army** of skilled reservists ready to serve at short notice.

**I don't want the world dominated by
Russia/China/North Korea/Iran. Nor do you.**

At home many of us struggle with living costs and other griefs. The answers are deeper than the main parties dare to contemplate. I'm working on it – see overleaf and www.thecommongood.info. Please endorse my efforts by voting for me. **Dick Rodgers**
