

# The leaves of the tree are for the healing of the nations.

The tree is nourished by the river of the water of life flowing from the throne of God. These words come from the dazzling final chapter of the Bible. They describe a Holy City where people live happily together, without pain and without tears. A place of joy for all. God wants us all to enjoy such bliss and to work to build such a society today, on earth, in Britain, in Peterborough.

**Our nation needs healing.** During the war Britain was a team. They were tough times but people rose to the challenge under the leadership of Winston Churchill. That generation can look back with justifiable pride that they helped save our nation and the world from tyranny.

I want our nation to have, again, the energised, high morale that comes with being a team on an important, honourable mission. That job should be **making the world a better place**. It's a big job! Indeed a huge job! We can achieve a lot of good in the world if we really try. And doing so will change the spirit of the nation and make it a lovely place to live and a great team to be part of. And **that's better done with our friends and colleagues in Europe**.

It's fun! It would give us a **unifying sense of national purpose** that we currently lack. It makes an inspiring society for our children to grow up in... **better than drugs and crime** and bad stuff. Better also to **retire in with the honour of having played our part** in a noble endeavour achieving something we all really believe in. That's the vision. We have great policies too!

**The EU is a good project. Let's stay in by a People's Vote.**

The original idea of the EU in 1945 was to settle Europe down in peace after generations of appalling war and tyranny. It has been hugely successful. It's an ongoing project. These are our friends. We should be part of the team. The past 3 years have shown us disadvantages of leaving that many had not grasped in 2016.

**Please vote: Dick Rodgers**

**Common Good: Remain in the EU**

**Why did 61% vote out in 2016?**

**I plan to spend a lot of time in the city centre. I'd like to meet you and listen carefully and politely.**
